

## May Newsletter

### Happy May Day!

Did you spot some Heartland employees in your neighborhood delivering some May Day baskets to random customers (yes, we're blowing our cover)? If you weren't one of the random customers to receive one but would like one, please stop into our office or have the kiddos stop in for one! Only while supplies last through May 3. We'll update our [Facebook page](#) when they are gone.

### Is it time for a new router?

A few indicators that your router may be at the end of its life is if you are consistently losing WiFi signal or your WiFi signal is weak. We sell and install mesh routers at Heartland. Mesh routers are great for homes that have an abundance of devices connecting

to WiFi simultaneously or if you have dead spots in your home. Stop or call into our office for more information on routers!
