

March Newsletter

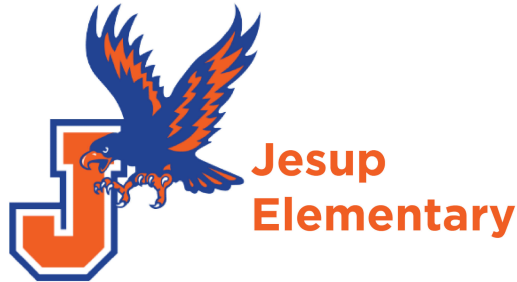

Annual Meeting of Shareholders scheduled for Monday, March 17

Shareholders are invited to attend the Annual Meeting on Monday, March 17 at St. A's Gym at 7 p.m., doors open at 6:30 p.m. If you are unable to attend, please fill out the absentee ballot that was mailed to your home to vote for the open seats for the Board of Directors and the organization of your choice for our Here to Serve Fund. Misplaced your absentee ballot or can't make it to the meeting? You can pick one up in our office. Absentee ballots must be returned to our office in the drop box or in person by 5 p.m. on March 17.

The three selected organizations to receive a portion of the \$10,000 Here to Serve Fund are **Friends of the Jesup Public Library, Jesup Elementary, and Jesup High School Hope Squad**. Each organization will receive a percentage of the total funds based on the votes they receive. Read more about the organizations on [here](#).

CONGRATULATIONS

Here To Serve Fund Recipients!

Important New Change!

Customers will be required to give our customer service representatives a pin number or answer a security question to discuss account related information starting April 1. This is a requirement by the FCC to protect Customer Proprietary Network Information (CPNI).

A form to fill out a pin number, security question, and authorized users was included in March statements. It can also be found on our website [here](#) (under the 'Forms' section). Once the form is filled out, it can be dropped off in our office or emailed to customecare@heartlandtechnology.com.

Free Event at CoWork591 in Jesup!

Curious about AI? This introductory training on Microsoft's AI, Copilot, can help you better understand the product and the different ways you can use it. Check out the Facebook event page for more information.

As you know, we can do so many things with a reliable internet connection; like watch TV, video chat with our favorite people, play games, watch security camera footage, and more! Learn more about our employee's 'favorites' and maybe see what you've been missing out on along the way.

What smart home device do you use the most in your home and why?

Smart locks and smart outlets. I like to be able to program automation and control things remotely - makes life a lot easier.
- Jesse

I like having a smart thermostat. It alerts me when there are large temperature or humidity changes in my house, and also lets me know when I've lost power.
- Eric

In the Community

It was nice to see some familiar faces while serving in the concessions stand at a wrestling meet. If we served you, we hope the service was fast and food was hot!
